Dedication

Dr. Louis C. Kesselman, Professor of Political Science and Department Head since 1951. Dr. Kesselman received his BA, MA, and his PhD at Ohio State University. He was appointed to the U. of L. faculty in 1947. He has lectured at the University of Oslo, and in 1960 was awarded a Fulbright Fellowship which enabled him to study at the University of Helsinki, Finland. As advisor of Sigma Alpha Pi, the political science honorary, he demonstrates his concern for students both individually and collectively.

His interests are not only in the college, but also in the community, as is illustrated by his active participation as an arbitrator in labor disputes and his position as past president of the Louisville and Kentucky Civil Rights Unions. He was an enthusiastic participant in the year's civil rights demonstration in Frankfort.

Students see Dr. Kesselman in another role, as U. of L.'s number one basketball fan. He rarely misses a Cardinal home game.

This was the year that was . . .

This was the year that was . . . was many of the routine aspects of a university and some of the not-so-routine. There were the usual unending lines . . . registration lines,

. . . more registration lines . . .

. . . military lines . . .

. . . straight lines . . .

. . . cafeteria lines . . .

. . . lines within lines . . .

. . . and bread lines . . .

It was a year of the usual pre-occupation of students with more or less academic pursuits.

Homecoming Weekend found the Greeks competing with their usual fervor for the house decorations trophies . . .

. . . and for Homecoming Queen.

Lambda Chi and Kappa Delta came out on top . . .

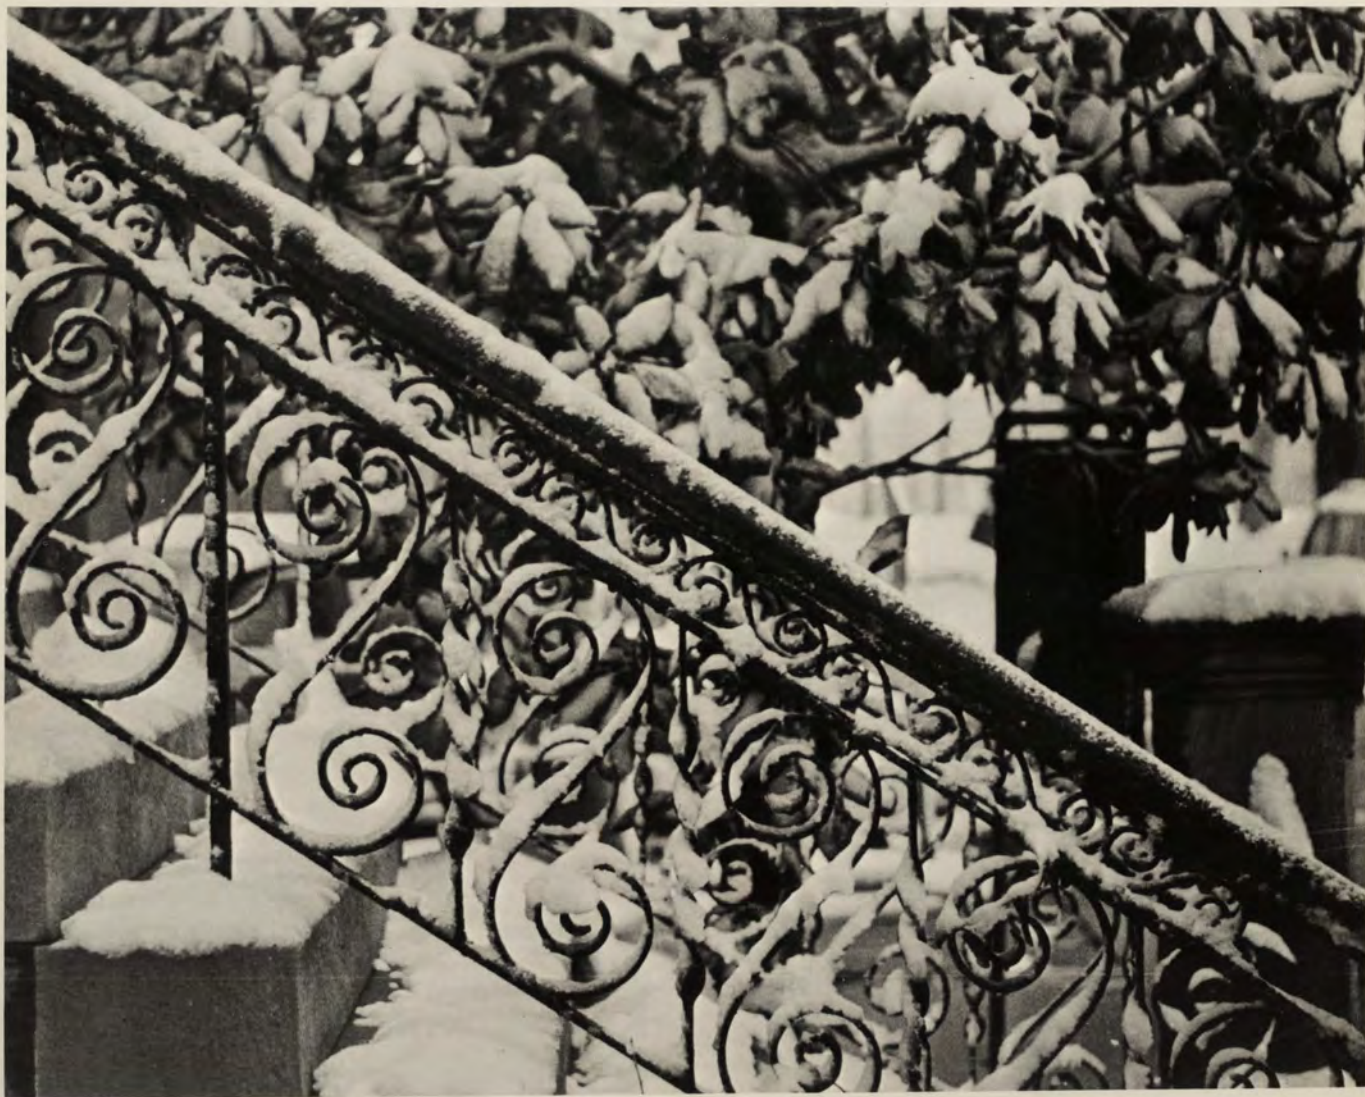

. . . while the others were left holding the pincushion and thread.

The musical taste of the students remained consistent with that of years past.

The patterns made by the snow are very much like those of past years.

And the people were just as oblivious to their surroundings as ever.

The Student Senate's 1964 Barbershop Quartet Contest resulted in the same winners as in the previous year, Kappa Delta and Delta Upsilon.

The Fryberger Sing of the previous spring saw the same two groups carry off the honors, Kappa Delta in the women's division and Delta Upsilon in the men's.

Evidence of the inapplicability of the term "apathy" as applied to the students is shown by such demonstrations as this one reaction to the University's policy on alcoholic beverages.

But there were those in the University whose appreciation for the good ole days was heightened by their experience with an overly-spirited student's Gardiner Hall bomb threat.

Liberal tendencies, senses of humor, and fancy pen work were exhibited in various well-placed signs.

University journalism maintained its high standards and untiring devotion to the printed word.

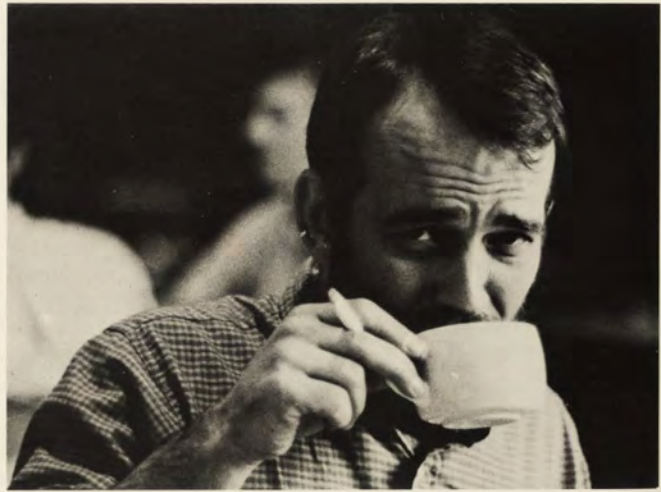

This year was people . . . people engaged in the activities
people are always engaged in . . .

. . . and not engaged in the others such as studying the week after midterms.

Dramatic offerings of the Collegiate Theatre and various independent groups such as the French Players shown here maintained their reputations for flawless productions.

This year was also the four-hundredth birthday of William Shakespeare. Here faculty members Frank Kenworthy and Mary K. Tachau do their part to pay tribute to the Bard in "Who's There?," this year's dramatic offering of the University Womens Club.

The parking problem became more pressing with the increased enrollment. Some measure of the anxiety of students and faculty is evidenced by this photograph taken at 5:45 A.M.

Governor Ned Breathitt was well received when he spoke in the 1963 gubernatorial campaign.

This Administration Building statue found his point of view had narrowed.

Sports fans noted that the Cardinal Bird had been joined by a bird of a different color.

And speaking of . . .

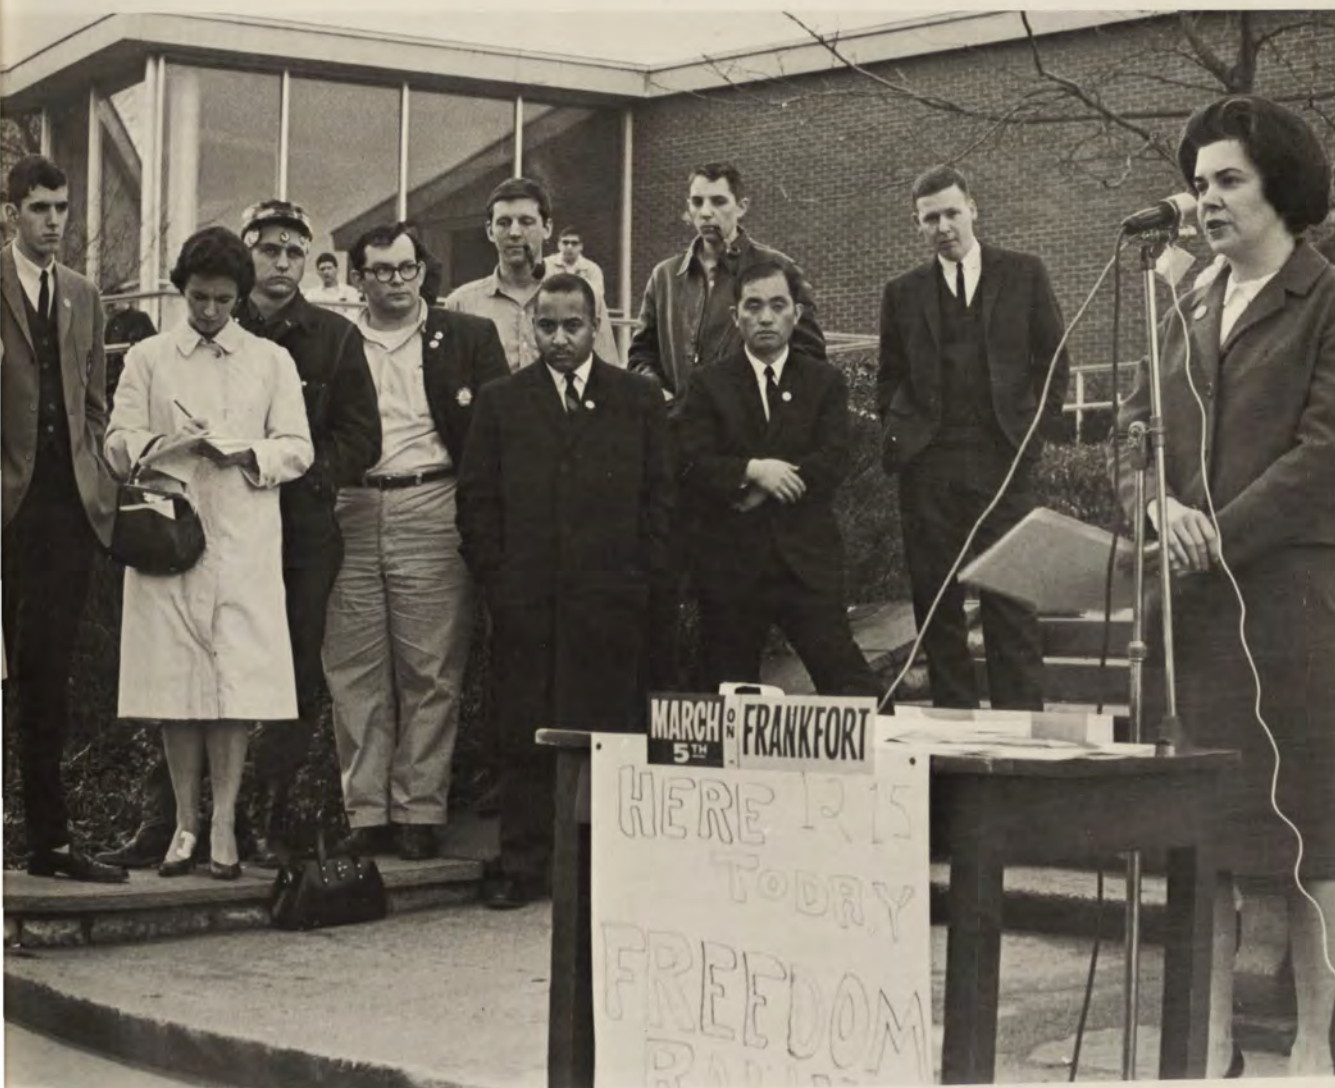

In their more serious moments students and faculty paid their respects to the late President Kennedy . . .

KENNEDY MEMORIAL CONCERT LAYHOUSE FRI NOV DEC 20

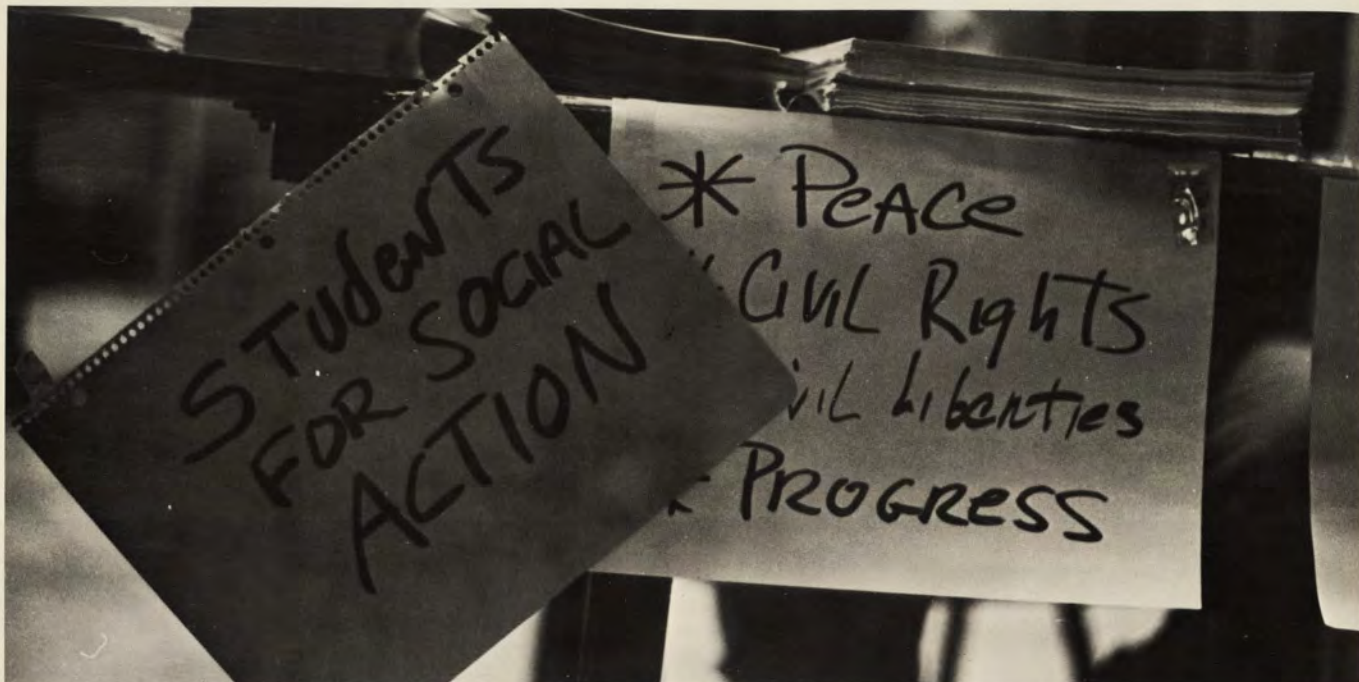

... and participated in a march on Frankfort to demonstrate their support of a civil rights bill then before the State Legislature.

The manifestations of a new spirit at U of L were many: The establishment of a group called Students for Social Action,

. . . the hearty reception of former Socialist candidate for President of the United States, Norman Thomas by both allies and political foes,

. . . and others.

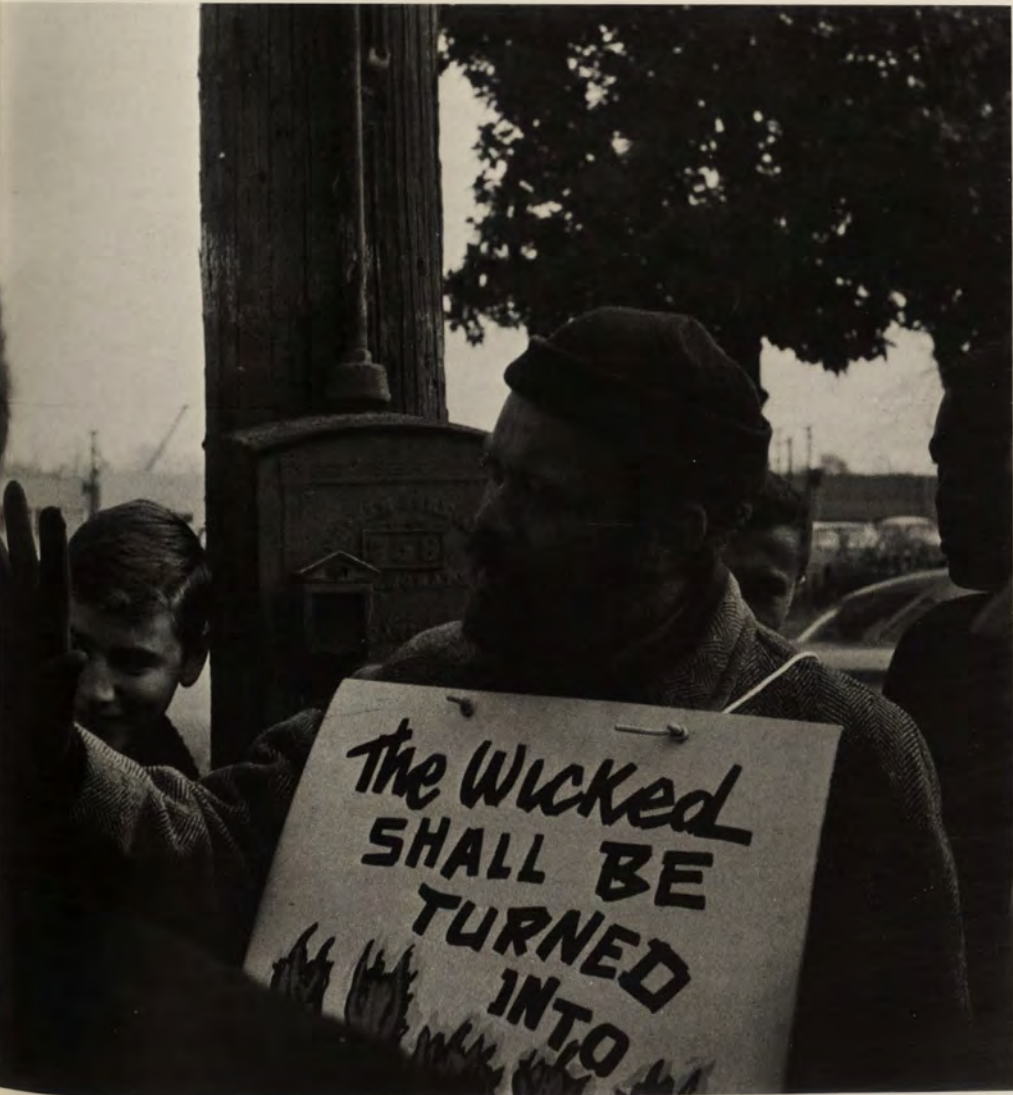

This was the year that the Buildings and Grounds Department made a desperate attempt at path-prevention with the erection of this genuine Western-style corral fence.

1964 saw the University's souls vied for by Brother Price . . .

. . . and others.

You can't say 1964 hasn't been.

Administration

President Davidson's Message

The tragic assassination of President Kennedy brought to us all a new realization of the effect a single life can have on history and of the way our attitudes and behavior can influence others. As college graduates you will be the leaders of the future. Perhaps not many of you aspire to the Presidency, but there is no reason you may not aim as high as you please. It is even possible that you may literally go "ad astra per aspera." I hope that as you leave the University you will feel it has helped you lay a strong foundation for that future.

The aim of the faculty and administration has been to give you an education which would prepare you to meet the complex problems facing everyone—not just the problems of a career, but the far subtler ones of human understanding and kindness.

As your graduation draws nearer and you become more restless-reluctant to leave your friends here, yet eager to have final examinations over and done with—remember that we in the administration feel about you the way a mother does when she sends her child off to the first grade: both proud and sad.

Faculty

Once again the THOROUGHbred wishes to recognize outstanding members of the University faculty. Taken into particular consideration in the selection for 1964 were their contributions outside the classroom to their respective fields.

Dr. S. Spafford Ackerly, Psychiatrist in Residence. He was appointed to the Medical School faculty in 1932 and has served as Head of the Department of Psychiatry. His services to the University and his reputation in professional circles have resulted in his being called "Dean of Louisville Psychiatrists." His present position at the University is one of the first to be established in the country. The selection of him for this honor is especially appropriate in view of his outstanding achievements.

Robert Doherty, Associate Professor of Fine Arts. A recent issue of CAMERA magazine was dedicated to his work in organizing a selection of photos for the Farm Security Administration. This year he organized an internationally important exhibit of nineteenth-century photos, shown first at the U. of L. library.

Dr. William A. Brodsky, Professor of Experimental Medicine and Associate in Physiology. He was appointed to the faculty in 1951 and is the recipient of a United States Public Health Service Career Research Award, the highest award for research granted in this country.

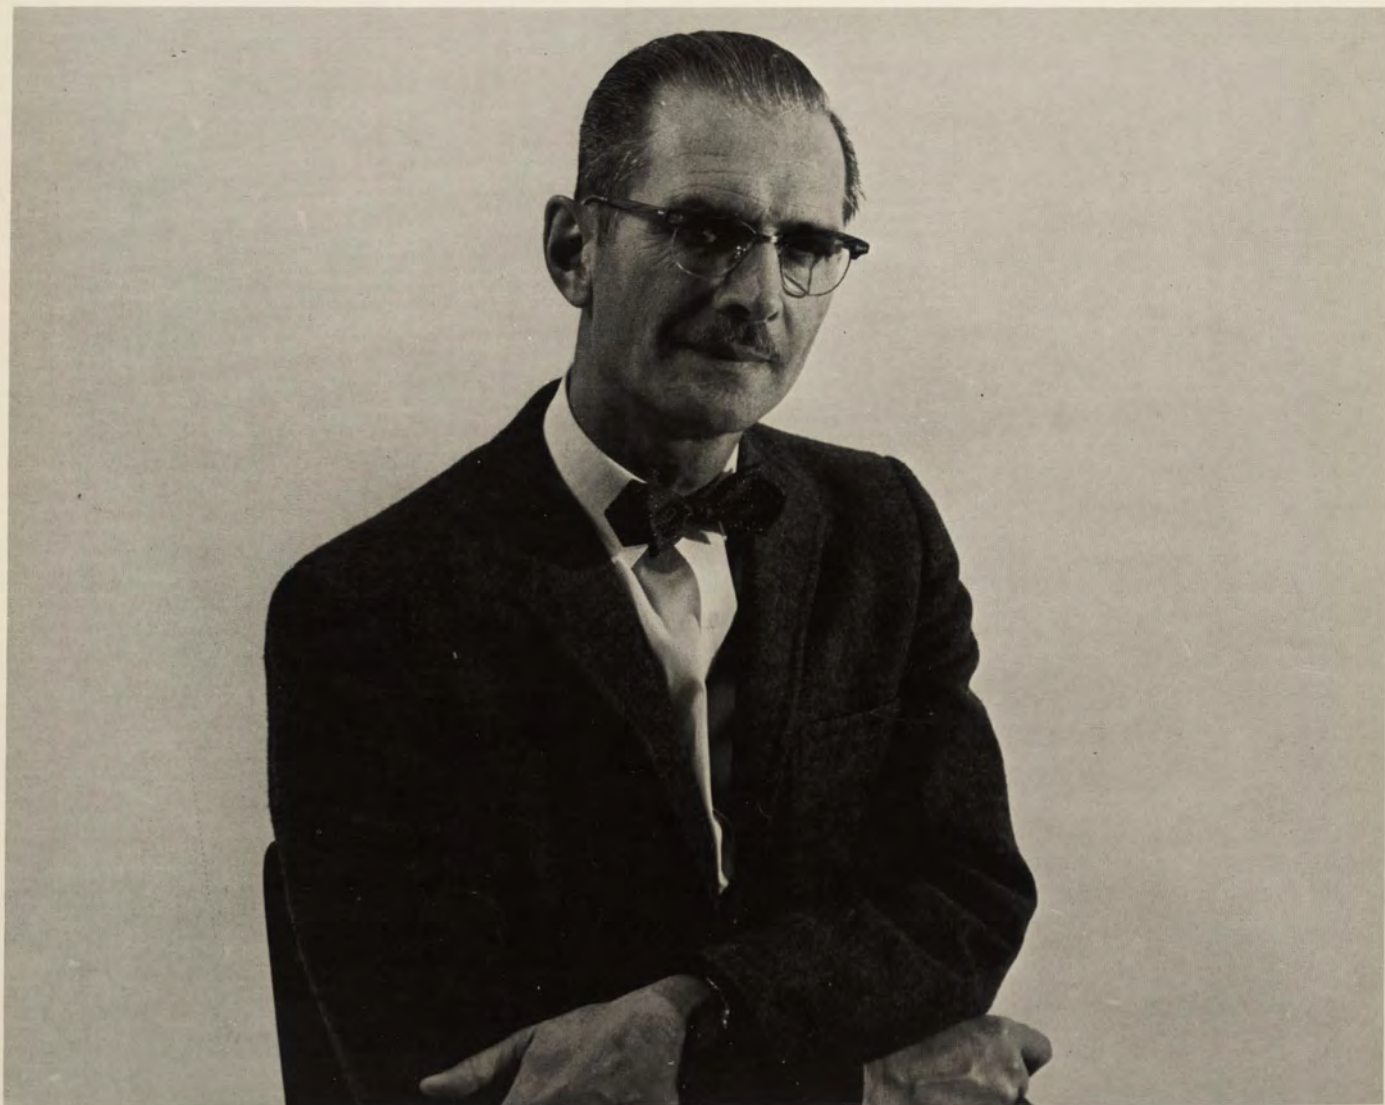

Mr. Lawrence W. Knowles, Associate Professor of Law. He was appointed to the faculty in 1959 and played an important role as a consultant to the U. S. Civil Rights Commission in 1962-1963.

Dr. Gerhard Herz, Professor of Music History. He catalogued all Bach Orchestral arrangements as well as other articles and studies of Bach and his contemporaries. Dr. Herz is one of Louisville music's staunchest supporters, arranging concerts of internationally known artists. This year he and his wife, Dr. Mary Jo Fink, arranged the Kennedy Memorial Concert for University students and faculty.

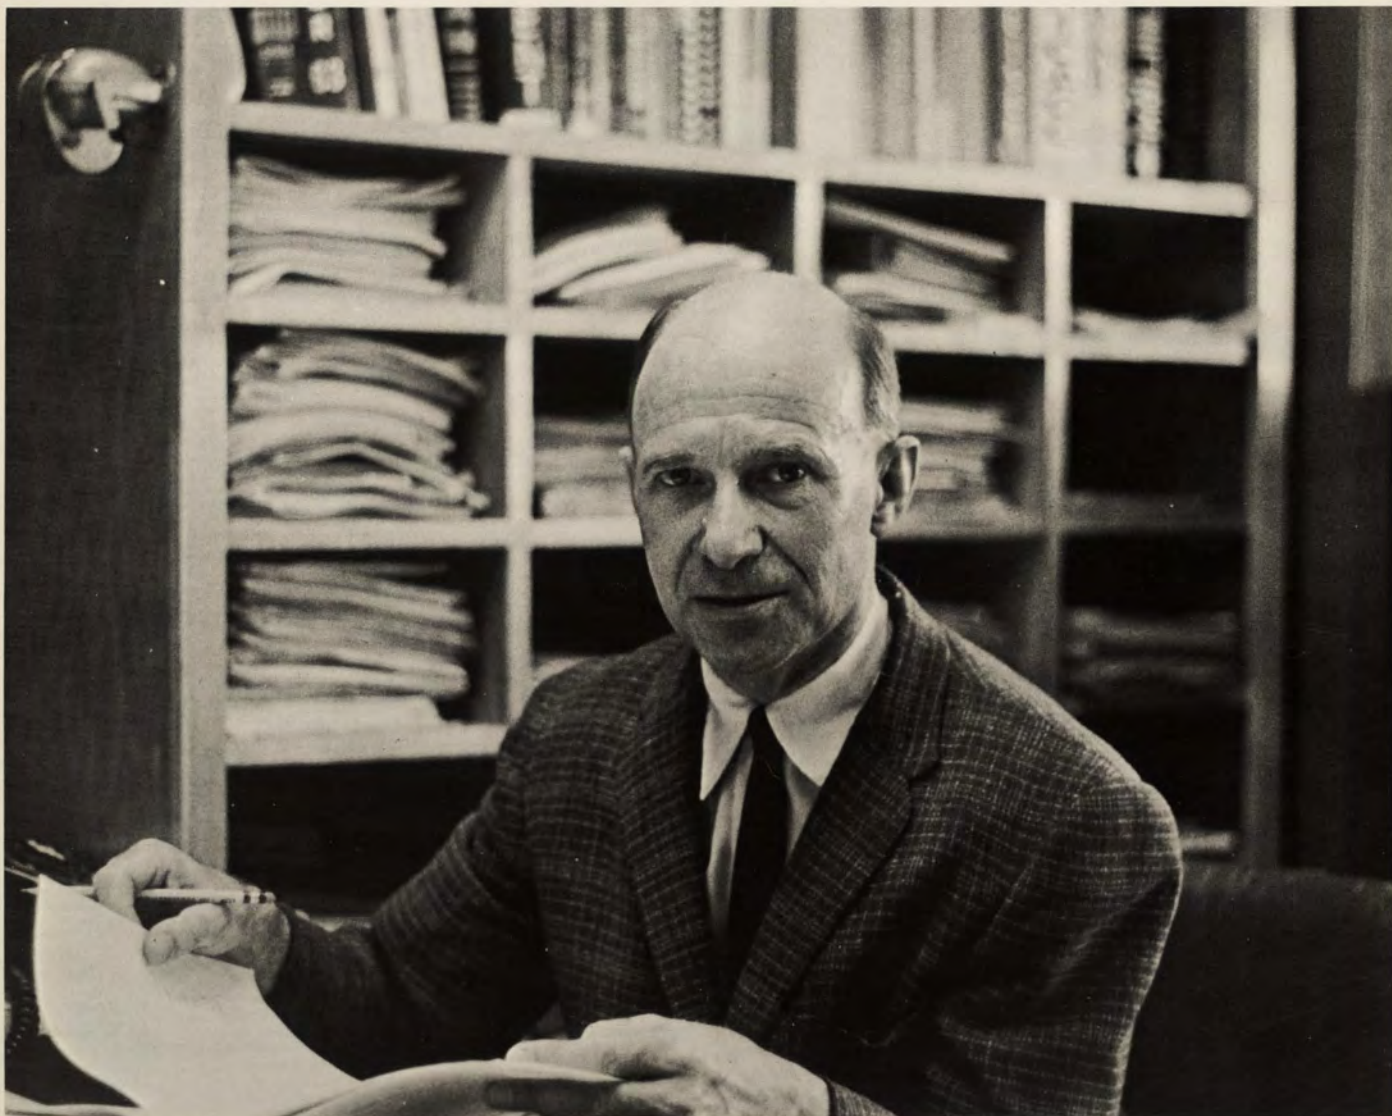

Dr. Louis A. Krumholz, Professor of Biology. He has been a member of the faculty since 1957. This year he was elected the Managing Editor of COPEIA, the journal of the American Society of Ichthyologists and Herpetologists and serves as chairman of the Accelerated Masters Degree program at U. of L.

Lee Luvisi, Artist in Residence and Assistant Professor of Piano at the Music School. He was appointed to the faculty this year; he is a distinguished pianist of national reputation.

Dr. Ulrich F. Westphal, Associate Professor of Biochemistry at Medical School. He was appointed to the faculty in 1953. He is also a recipient of the Career Research Award, awarded in 1963 in biochemistry.

Lambda Chi Alpha

As in years past, the brothers of Lambda Chi Alpha have shared numerous experiences, many of which resulted in various platitudes and profundities. One cannot begin to comprehend these connotations, unless he or possibly she could enter the premises at 2116 Confederate Place. Therefore, we shall relate to you our original and somewhat barbaric excerpts—Some days you get the bear, and some times the bear gets you! Oh yeah, who's goin' to the Zeta Beta Club to hock out some Accounting—Flying to S. Preston by Radar—E.M. the South Eastern Conference Champ, On, on U. of K. . . . Hi Sewer Pipe, Oh, yea Series E. bonds—cheap Sope, the dope, but "Sigie" wouldn't like that—1,2 divorcees—Hey Caufield, watch the water on the wiring—Heart-hearted Kay is goin' away—Say boys, who's got the Frog—Bill needs it—All Right, the Brute is back—Time to get up! Good to see you up boy!! Just getting up—weak—you got to be in, if you're not in you're out—Oh, just froaming around, Bing's the thing—too much, Jack, on the Poop Deck, Mily and Pitt, Think about it Bish, think about it, I don't believe you Ed—weak!! You snooze, you loose, early bird gets the worm.

Our two summer boarders and their leavings . . .

Congratulations Mitch. After sooo many nominations you finally made it . . .

YES YES, Scobe, Butler has 3 tests, so have a smooth ride . . .

Oh those canoe rides and all that sex life. Honestly, I'm going to make it before
I'm 22. But Mom!! I must have left my T-shirt at the fraternity house, where I spent
the night! . . . The Belle of Louisville is our own Mardi Gras.

Louisville's First All-American

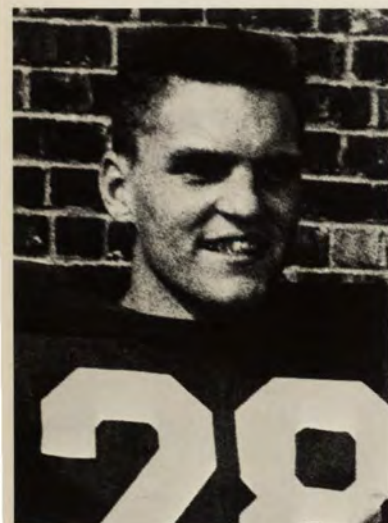

Ken Kortas is the first Cardinal player to make a major college All-American team. The St. Louis Cardinals of the National Football League selected Ken as their first draft choice. Kortas made PLAYBOY'S 1963 first team, DELL SPORTS 1963 second team, STREET & SMITH also selected Kortas, and ARGOSY selected by Tom Harmon put Kortas on their twenty-two man team. He also participated in the North-South Bowl, the *Chicago Tribune* all-star game, and the Senior Bowl.

Heated discussion was the order of the day in Student Council meetings as is seen in this photograph. The day it was taken the Council's most pressing business was the adopting of a resolution censuring an action of the Administration.

The 1964 Political Seminar featured six-time Socialist Presidential candidate Norman Thomas. The program included a speech, a banquet, and a press conference.

INE PRINTING SINCE 1887—

That's the story of Foote & Davies.

Today we have one of the most modern and best equipped plants in the country. And fine Yearbooks have always been an important part of our business. Our craftsmen believe in quality and strive to produce the "best in the Industry." Our excellent printing doesn't just happen—it's a combination of production research, craftsmanship, and painstaking supervision.

This was the year that was . . . for the **1964 THOROUGHbred** as well as for the University. It was a year of thanks; to Mrs. Stiffler, to Mr. Doherty, and especially to Larry Spitzer and The Courier Journal, for their encouragement advice, and cooperation. It was, among other things, a new office, hand-decorated by the staff in muted oranges, blues, yellows, and blacks. Our neighbors in Otter Hall, the United Campus Christian Fellowship, were displaced by the slightly less revelrous Rat Lab People. We got our typewriters cleaned. The Bethel Veech Otter Sun Deck emerged as a veritable hotbed of journalistic controversy. It was a year that passed quickly . . . it seems like only a couple of months since the 1963 book came out. Nevertheless it was a year of calm orderly progress on the yearbook. No trouble with deadlines . . . our final deadline is way off. Let's see just when it is . . .

On the other hand maybe this was the year that **wasn't**.

INE PRINTING SINCE 1887—

That's the story of Foote & Davies.

Today we have one of the most modern and best equipped plants in the country. And fine Yearbooks have always been an important part of our business. Our craftsmen believe in quality and strive to produce the "best in the Industry." Our excellent printing doesn't just happen—it's a combination of production research, craftsmanship, and painstaking supervision.
